

## Youth Center Renovation \$ 1,000,000

The 5,000 sq. ft. facility will be a renovation of the Barn.

It will provide space for our growing Youth Faith Formation program which will include large classrooms, lounge and library (2nd floor) where youth can learn and have fellowship.

## Adoration Chapel \$200,000

Historically, adoration chapels have brought vibrancy to parishes, healing to marriages and families, and vocations.

Our 340 sq. ft. chapel will seat 12 to 20 people and have secure access.

**Construction anticipated to  
begin Summer 2024 and  
completed in 2025**

## Our Lady's Youth Center and Adoration Chapel

*“Recent stats reveal that only 27% of Catholic youth say that religion is very important to them. Giving OLVP youth their own space to more fully participate in parish life through education, recreation and service will dramatically increase their love for the Faith. This project is for their sake, but also for the sake of the parish’s and Church’s future.”*
